

# Clinical Research Budgeting Made Easy

Noted author and consultant, John P. Neal, has created a sophisticated clinical research budgeting tool set in *Clinical Research Budgeting Made Easy: The Step-by-Step Guide for Non-Accountants* and the companion program *Clinical Research Budget Development Tool™*.

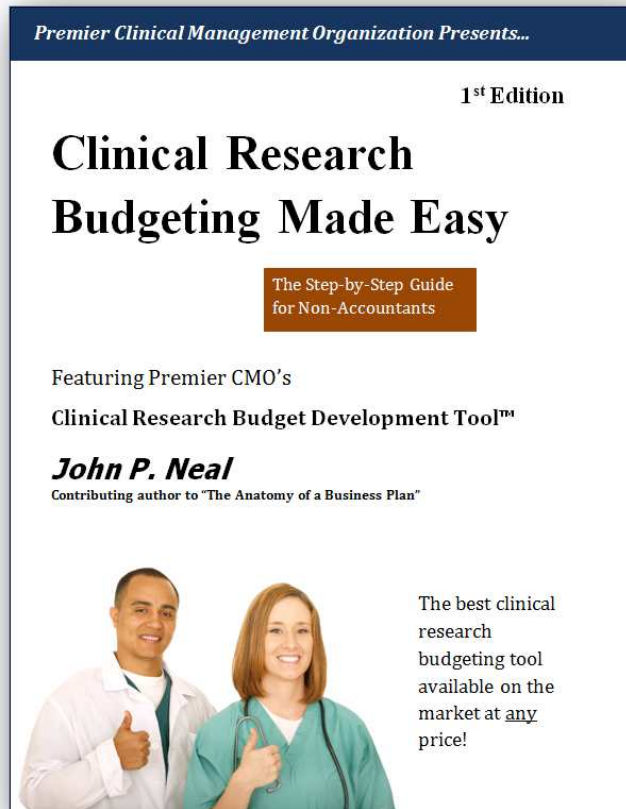

Targeted to meet the needs of non-accounting, clinical and administrative personnel, this tool set is the easiest to use clinical research budgeting product on the market today.

- ✓ **Integrated sample study budget included**
- ✓ **Easy to use EXCEL™ based format**
- ✓ **No prior EXCEL™ experience required**
- ✓ **Create your first budget in just hours**

**Never accept a losing study budget again!**

- ✓ **Know the cost of conducting every study**
- ✓ **Understand what happens in different scenarios**
- ✓ **Deliver winning budgets every time**

EXCEL is a registered trademark of Microsoft Inc.
